

Swiss Aerospace Sector Certification Scheme

A joint undertaking of SWISS ASD & SAMA

Swiss ASCS-001 Appendix 1

ICOP scheme Switzerland - General appeals/complaint process

1. Purpose

This process description ensures that complaints and any disputes that might arise therefore will be managed and recorded to one uniform procedure.

Complaints are a valuable source to identify possible weak points in the management of the ICOP scheme in general and the ICOP scheme Switzerland in particular. Therefore it is a requirement to thoroughly evaluate complaints and follow up on and resolve identified weak points.

2. Scope

This procedure is valid for all complaint addressed to the CBMC Switzerland and its sub-team AAB Switzerland.

The complaints process is applicable for all activities related to the ICOP process and to be used by the parties involved before other actions are taken.

3. Process description

3.1 Registration

As a general rule complaints should first be addressed to the party/organization that after objective evaluation is responsible for the reason for the complaint.

Remark: If a conflict of interest is assumed, the complaint can be addressed directly to the CBMC Switzerland secretary. The CBMC secretary monitors the timely and orderly processing of the complaint.

Basically, all complaint concerning the CBMC Switzerland and its sub-team AAB Switzerland as well as all complaints which are escalated to the CBMC Switzerland shall be addressed in writing to the CBMC Switzerland secretary, to be forwarded to the CBMC Chair.

Address of the CBMC Switzerland secretary:

SWISSMEM
Secretary General of SWISS ASD
Pfungstweidstrasse 102
CH-8037 Zürich

Swiss Aerospace Sector Certification Scheme

A joint undertaking of SWISS ASD & SAMA

3.2 Processing and Decision

The CBMC Chair shall decide on the level where the complaint shall be resolved:

- Sub-Team AAB Switzerland
- CBMC Switzerland
- EAQG OPMT (for fundamental issues of the ICOP Scheme)

If complaints are addressed to the sub-team AAB Switzerland, the AAB submits a proposal for solution within ten (10) working days after receipt of the complaint to the CBMC Switzerland. The final decision is made by the CBMC Switzerland.

If complaints are addressed to the CBMC Switzerland, the CBMC Chair or the secretary of the CBMC inform the CBMC members about the complaint and convene a meeting within fifteen (15) working days.

The voting members of the CBMC take a decision about the complaint. A simple majority is sufficient for a decision in case of non-uniform evaluation.

Decisions of the CBMC Switzerland and/or the EAQG OPMT are final.

The complaint shall be informed about the final decision by the secretariat of the CBMC Switzerland within one (1) month.

3.3 Escalation

Received complaints which cannot be resolved by the CBMC Switzerland shall be escalated to the EAQG OPMT.

3.4 Reporting

Complaints are generally to be reviewed during CBMC meeting and are to be evaluated by the CBMC Switzerland for improvement potential at least once per year. Reports are to be forwarded to the EAQG OPMT for information.

4. Change History

Rev	Date	Change history	Author	Approval
1	10 th Oct 2010	First Release	J. Mattmann	A. Gaide
2	30 th March 2012	Header and references changed	J. Mattmann	P. Drescher
